ONE KILLED, SIXTY WOUNDED
IN BATTLE OF STRIKERS AND
POLICE AT OIL CO. PLANTS

New York, July 21.—Serious rioting, during which John Molinieux, 18, was killed, and nearly three score persons more or less wounded, marked the second day of the strike of workmen at the plant of the Standard Oil company of New Jersey at Bayonne.

The workers, most of whom were of foreign birth and unorganized, gathered at the gates of the plant at an early hour and disorder, which then began, lasted until nearly noon. At that time the police, assisted by deputy sheriffs and firemen, brought the situation under temporary control at least. The police say several thousand persons took part in the attack.

Of the 58 injured taken to the Bayonne hospital, fifty are men and eight women. The police say that the men who fought about the gates of the plant; the other three are policemen.

Serious rioting occurred when a mob encountered the guards. In the fighting that followed three of the rioters were wounded by pistol shots fired by guards. The men were taken to a hospital. Their wounds are not serious.

Seventy-five deputy sheriffs, 150 special policemen and a large squad of Bayonne police were on guard at the plant which was closed yesterday after a strike of several hundred employees, followed by riots. Between 5,000 and 6,000 men are thrown out of work.

The strikers issued a statement saying that they had gone out only to obtain better working conditions and to enable themselves to educate their children. The Standard Oil company issued a circular addressed to its employees, attributing the strike to professional grounds and declaring that the company will deal directly with its employees and will consider no ultimatum pending an answer within 24 hours, such as was presented by the men.

GOMPERS
HERE ON
FRIDAY

Washington, July 21.—Following a conference between President Gompers and officers of many unions identified with the Bridgeport difficulties an agreement was reached that the conference should adjourn to Bridgeport on Friday, when Gompers and the labor leaders will take charge.

OBITUARY

WILLIAM D. MURPHY
Death claimed William D. Murphy at the family residence 1770 Seaview avenue early this morning after a very brief illness. Mr. Murphy was 38 years of age and a native of Meriden where he had been employed by Swift & Co. for a great many years. Although a resident of this city only two years he made many friends who will be pained to hear of his death. Besides his widow he is survived by five daughters Mrs. Michael J. Goodman, Mrs. Harry Flagg, Miss Katherine Murphy of this city, also Mrs. Louis Schlette of Meriden, and Mrs. Orren Hamilton of Detroit, Mich.; one son, Michael T. Murphy; a brother, Thomas Murphy, and a sister, Mrs. Sarah Gulligan, both of New Britain.

Bringing 96 passengers, the French liner La Touraine arrived at New York from Bordeaux.

Black Rock Man
Strangely Missing;
Police Seek Him

John Svenson, of 8 Fox Street, Black Rock, has been missing from home since Saturday night and fears for his safety are entertained by his wife. Mrs. Svenson has reported the disappearance of her husband to the police who in turn have notified the New York police but no trace of the missing man has as yet been found.

Svenson, who was a vegetable peddler, has lived in the Black Rock district for many years. Saturday night he went to the store of Sven Murberg in Fairfield avenue and borrowed \$1.50 from Mr. Murberg saying he wanted to visit his sister in New York city and needed the amount for railroad fare.

He got the money about 7 o'clock and left the store. At 9 o'clock he was seen in State street by John Martin, a neighbor who lives in Fox St. Since that time he has not been heard from. He did not visit his sister in New York and his wife says he had a considerable sum of money on his person when he left home and did not need to borrow from Mr. Murberg.

According to Mrs. Svenson when her husband left home he wore a dark suit, white shirt with lavender stripe, red and blue bow tie, dark grey fedora hat and black low shoes. Mr. Svenson is rather thin in stature and is 5 feet, 6 inches in height. He talks English imperfectly. He has been a sober and industrious man all his life.

Six persons lost their lives in a fire that destroyed a tenement house at Chelsea, Mass.

DOERRER.—In this city, July 20, 1915, Hedwig Maria Pauline, beloved daughter of Mr. and Mrs. Charles F. Doerr, of 92 Carroll Ave., aged 23 years, 3 months, 18 days.

Friends are invited to attend the funeral from the residence of the parents, 92 Carroll avenue, on Friday, at 2:30 p. m.

POLICE RUSHED
TO U. M. C. PLANT

Continued from Page 1
Remington plant, had not gone out on strike as expected. The leaders were told by the British workers that they would not take action until ordered by their officers. The leaders of labor here expect those officials here late today or tomorrow and it is expected they will prevail upon their men to quit.

Count D'Allesandre, head of the Hod Carriers' union, will not come to this city to supervise the hod carriers. He has placed Vincent DeFalco in complete charge here. The hod carriers will meet Sunday. There will be little work for them here, because the bricklayers are being laid off.

Close to 500 machinists and tool-makers are out, according to John A. Johnston. He says also that one-third of the total number of shops making supplies for the Remington plants, have lost their union workmen through the strike order until a settlement is asked if all union men have responded to the call, he said "Yes." He was unable to state definitely whether or not union men predominate in the Remington plants, but he declared 75 per cent. of the machinists and tool-makers are now out on strike.

COUNT COMING TO
HANDLE SITUATION
FOR BRICKLAYERS

Vincent De Falco, International organizer of the Hod Carriers' union left for Washington last night to confer with Count D'Allesandre, president of the union, who will be asked to come to Bridgeport and more thoroughly organize the hod carriers who did not carry out their proposed strike in connection with the machinists.

President James Ludlum of the Manufacturers' association issued a statement last night in which he said but few machinists had left work in the factories of the Association. He deprecated the publicity that had already been given nationally to the strike and hoped that in view of the fiasco yesterday that would be given equal publicity. The Remington plants are not members of the association.

Fifteen guards struck at the Remington Arms plant yesterday owing to a refusal of the company to grant \$3 per day instead of the \$14.10 weekly wage being paid.
